

- Happy New Year to everyone! We had a delayed start here at school because of a problem with the heating system. The problem has been fixed and heat is on for the school building. Always dress students for weather conditions. We are back to our regular class schedule.
- Speaking of weather conditions -- there is a possibility of snow for tonight and tomorrow morning. Remember that we follow delayed openings and closings for Anne Arundel County Public Schools. However, we also send out an email and post a notice on WBAL TV for any different or additional information for LSCA. Check the media and/or look for an email whenever there is inclement weather.
 - We are also trying out a new program which sends text messages, so be on the lookout for these. However, if you don't get a text, please also check your email and WBAL.
- If school is delayed tomorrow morning, there will be NO gym class.
- Thanks to everyone who helped with the Chick-fil-A fund raiser. We sold 170 calendars for a profit for the school of \$850.00.
- Please pray for the McClure family. Pastor McClure now has Hospice helping out with care for him.
- Lunch for this week will be from Dominos. Orders and payment should be made tomorrow, if we have school. If there is no school tomorrow, Mrs. Rall will take orders for pizza on Friday morning.
